## What job i'm looking for? My positive points

I am looking for any job that is available. I am not really picky when it comes to a job. I am very extrovert, I can associate with people I love working with groups. I learn very fast which gives me confidence that I can learn any job that I am given. I've never worked before I don't have any experience but I am very sure I can fit very well in whatever challenges I am given.
