What job i'm looking for? My positive points

I am a hard worker by nature. I am very strong when it comes to working towards the same goal. I can work under pressure weather alone or as the team. I have good at solving problems and I have good leadership skills. I can interact with people and make fun but when it comes to work, I focus more so that I can minimize mistakes.

I would like to emphasize that any company that can give me the chance to be part of their team will never regret for choosing me.

My best interest is to make the company meet their desired outcomes.

I will be happy if my application can be considered.
