

Samantha Nyhaba

Curriculum Vitae (CV)

What job i'm looking for? My positive points

After earning my N6 Certificate in Electrical Engineering from Port Elizabeth College, my long term goal is to take my Engineering career to the next level by earning my Degree. I am currently on contract under a YES program at ISUZU Motors SA that will end on November 2022. I entered the Automotive world to explore my passion for Vehicles and also to work with skilled technicians and electricians so that I can learn from them and to know what kind of an environment it is.

The best part of what I do is that I've boosted my confidence, to be able to work with people and my computer skills improved as well. I am looking forward to pursuing my Diploma and acquiring a job in the Electrical industry.
