What job i'm looking for? My positive points

I'm looking for any work truly speaking as nowadays we don't get to choose where we wanna work as life is hard now in this life time.I just want work so that I could earn something and get to buy food as cosmetic as things get increased now and then.I just need work.I don't care what type of work because what I need is work and money.So I would appreciate any job no matter how small it may seem but at least I will be earning at the end of the month.I just need work.Im not picky.Thank you.
