What job i'm looking for? My positive points

To try and get my life back in order, I am looking for a job. I am hoping that once I start this employment, I will be able to go back to school and work on a credential. In the church, especially in the musical sector, I have been a great team player. Additionally, I have collaborated with musicians and artists, which has given me a lot of insight into collaboration and social interaction. Being a musician myself and having played starring roles, I have mastered time management as well as organizing and managing skills. I have a strong work ethic and a desire to learn.
