What job i'm looking for? My positive points

I am looking for an office job or cashier job because I am computer literate, so I can take anything that has to do with working using a computer and I am a hard working person and I know how to deal with people because it is related to the course that I am studying in college, I know how to work under pressure, and whenever there is something that needs to be done which I am not aware of, I'm a fast learner when doing something new. I'm a time keeper and disciplined.
