

Frans Mabine

Curriculum Vitae (CV)

What job i'm looking for? My positive points

practice in accordance to company policies and in line with the pharmacopoeial guidelines; ISO, FDA and SANS standards. I also review and update SOP's and conduct training on all the SOP's, audit various departments including the lab and all related areas. Closing off of audit findings also form part of my duties in this office. As an all rounder my duties also involve standing in for Section Heads and Team Leaders if they are absent and to facilitate all the activities in the lab including the Microbiology lab.

These attributes are over and above my qualifications in BSc and in BMed Sc (Hons) and to that extend I am also trainable and keen to learn new things on regular basis.

Lastly, I am currently ready to join any establishment or discipline that requires the skills I am presenting or that needs the related attributes and experience and I am sure to bring a mutual benefit between that institution or establishment and myself.

Preferred occupation	Administrators Administrative jobs
Preferred work location	Bethlehem Free State

Contacts and general information about me

Day of birth	1969-01-26 (55 years old)
In my career life I have acquired a lot of experience on training and communications during the time when I was a teacher. At work I have undergone training on fundamental supervisory skills,
