Curriculum Vitae (CV)

## What job i'm looking for? My positive points

Am looking for electrical engineering job since I have studied the course at college we did theori and practical so I have a knowledge on what this job want or on how to do the job.

I have loved electrical engineering since I was young at home I used to fixed small appliances like changing glob and glob holder replace damage plug and also looking or changing appliances that course short circuit or electricity to trip.

At collage i also learn how to handle or to work with hand and power tools, size of cable etc.
