What job i'm looking for? My positive points

I am looking for any general work . I have studied management Assistant. I have good communication skills with both interpersonal and intrapersonal so I'm willing to show all that in practice. So hiring me will impact positively in the working environment as I'll be showing all the skills I learnt through the time I was a student. I am good in resolving matters such as conflict and dealing with huge workloads in other words I can work underpressure. Being independent and working with people are both my favorites.
