Curriculum Vitae (CV)

What job i'm looking for? My positive points

I have extremely good communication skills and making someone's day always makes me feel good about myself so customer service job would be a good suit I assume be it in a regular store or restaurant. I'm polite and consider that people experience bad days at times which always reminds me to be polite and kind. In chaotic situations I try to remain calm and look for a solution instead of instantly reacting and responding. I like to think I'm emotionally intelligent which my surroundings have confirmed I am and that to me is a vital and crucial tool any individual can have. I also adapt to my environments and respect diversity. I have no work experience but I'm open to learning. I have only volunteered to help work at church alive before. I'm the best choice you'll never regret!
