Curriculum Vitae (CV)

What job i'm looking for? My positive points

I have vast experience in the Electrical field, I'm a red seal Iscor qualified Millwright. Also some experience as temporary High School teacher, had great successes with my classes, especially Mathematics. I tutored many pupils over the last 12 years, I now relocated to Krugersdorp and I'm basically starting over. I also worked in the casino industry, so any technician/manager position will be great. I am REALLY a fast learner, definitely not stupid, if I know, I do, If I do not know, I ask. I am reliable and trustworthy. I know I will be of great value to the business/company, as I really strive to deliver my absolute best, doing more sometimes than what is needed. I may be 58, turning 59 Dec 5th, but I still possess the necessary skills and agility as when I was young. I love to learn new things related to my job, no-one is ever too old to learn something new. I can work under stress, as I have many times especially in the casino's. I do NOT lie, do NOT steal, I strive to always have good friendship relationships.
