Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am a good communicator because I used to sell herballife so I would have to approach people and convince them to buy our products. I am also a good problem solver, previously I had to help those who struggled with bad eating habits by giving them meal plans and teaching them ways on how to overcome those habits. Lastly team work, not only was I productive but I also learned that working in teams can expand my skills and knowledge by learning from the others so therefore the kind of jobs I'm interested in are a sales job, restaurant and personal assistant or receptionist.
