What I want to achieve in life.Im always on time like I said I'm one person who is focused on what il be doing I know for a fact that IL be a good asset to the company and IL respect my job including the workplace since it will be putting food on my table including the people around the workplace.im not a difficult person and looking for a job its hard work and once it's in your hands I'd advise most people to keep it.im a good listener I respect people big or small most people at Rea Vaya used to bring their cars at my car wash witch was my side hustle I kept the cars clean I never stole from any of the people who I used to clean their cars for. I've got a short-term goal and a long-term goal. Since I was growing up as a kid, I have always wanted to work hard so that I can provide for my family and working hard keeps u of the streets including bad things.
