Curriculum Vitae (CV)

What job i'm looking for? My positive points

I'm a hard-working individual who is able to work under pressure, I have previously worked at the South African Post Office as a cashier and also as a branch manager for 17 years, the company I worked for was always under stuffed which is where I developed the skills of multitasking between administrative duties and directly interacting with customers. I was responsible for opening and closing the office, I trust that my experience will add value to the company and I will also be learning new things in the processes.
