Curriculum Vitae (CV)

What job i'm looking for? My positive points

I have a diploma in building engineering. I did in-service training as a Junior Quantity surveyor at Superway construction company (PTY) Ltd. I am a hard worker, a great team player. I am also very effective at getting my fellow employees to give out their best performance without having to push them. I know I do not have the most extensive work history but what I lack in experience I make up for in enthusiasm and dedication.
