What job i'm looking for? My positive points

I am looking for a good paying job so that I can be able to help my mother where she lacks. I am a very generous person who is also hard working. I am currently unemployed because I matriculated last year with a Diploma pass but it is very hard for me to be accepted at schools because I applied late. I am a passionate person and I am willing to do whatever is required for me at a work place.
