What job i'm looking for? My positive points

I'd prefer to be a public servant and help my country than to simply work for a for-profit company. I want to work for more than just money, and I see government officials as having an important role in the community and society, and a role I admire. There are many opportunities for career growth and development in the government, and the pay and benefits are usually very good. In addition, working in the government can give you a chance to make a difference in your community and country.
