What job i'm looking for? My positive points

I am looking for a job that will let me learn new things every, have positive challenges that will help me grow as an individual and also to be independent. I would love work in a place where there are children..in places such as child care center, primary school kids because I for one in the future would like to own a day care so I need something that will put me in a position of having more interest in what I want in the future. Children are our future and therefore I want to be part of the children's future, like they say "it takes a village to raise a child".
