Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am always eager to try new things and challenge myself in new environments. As a young student studying full time , I think it would be beneficial to learn new skills and know how to manage my time and pressure at the same ,which is something that is needed in the work force. As I am still studying, learning new skills is significant as lack of skills in young people in South Africa is one factor that contributes to unemployment.
