## What job i'm looking for? My positive points

I am looking for a teaching post. I am a people oriented person, I enjoy engaging with people in discussions. I am more of a team player because my motive is to encourage students to love education, I want them to be passionate about studying so that they can be able to achieve their goals. I am determined to make learning a fun place through giving students an opportunity to be themselves and feel free to express how they feel and what they think. I am a realistic person and because of that I work very hard to achieve my targets I am goal driven and very passionate about teaching because I believe it is through education were I can fully give back to my community. I fully enjoy teaching because I believe we are different beings that think differently so being given an opportunity to see things differently without being judged is through teaching and education. I am a person who enjoys exchanging knowledge, I enjoy learning new things everyday and I am governed by the values of patience, honesty, loyalty and self driven. I believe that I am unique in my own way and a rare seed because it is through education that I managed to gain confidence and actually be proud of myself and where I come from
