Curriculum Vitae (CV)

## What job i'm looking for? My positive points

Greetings, I am highly enthusiastic person who is always willing to learn, with ambition for progress and success.

I am able to work with people whether in groups nor teams.

I am an attentive listener and always pay attention to detail.

I work well under pressure and with strict deadlines even though I try by all means to avoid pressure

at all times, because unnecessary pressure is not needed when working.

Being action-oriented and acting on fresh ideas is one of my qualities. I believe it better to be late than

never show up nor report to the Manager nor Second in charge, hence I do not want to react with "I thought so" when I fail to implement an idea which may be life changing or rather move the company

forward when that idea has been the Competitors.
