Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am a very social person, I like learning new things and I love working around new people also. I would like a job that requires me to socialise with people and interact maybe by selling them things or products or anything like that. At school I was always participating in helping out with anything if maybe there was a meeting or anything like that. I'm very shy but once I get used to something I am very talkative. I'm just a very bubbly person.
