What job i'm looking for? My positive points

I'm looking for a receptionist/waitress/administrator job. Growing up I always loved being around people and helping those in need. Being from a family of people who loved serving people. I grew up understanding the importance of serving people in the highest quality possible.

I see myself working at this company and enjoying it because of how much I love being around people.

I'm planning on studying tourism in varsity and this opportunity will get me started on this journey and I believe it will give me a sharp understanding of what I will be studying. This makes open to any "extra" opportunities because I am really keen on learning as much as I can. I would love to welcome the chance to show you what I can do.
