What job i'm looking for? My positive points

Good day Mam/sir I'm looking for a job because I believe that I have enough strength to work with machinery that are being used around the organization and I'm also willing to be taught more about how to work with new material's. I think I'm the suitable person for this job because I'm always willing to give my best when I do something I listen very carefully and deliver the outcome the way they were said working extra shifts it is never a problem to me.

Thank you for considering my Application and I'm looking forward to a favorable response.
