What job i'm looking for? My positive points

I'm looking for a job in the hospitality industry. I came to Cape Town looking for a job that will kickstart my career in hospitality. I was born and raised in Johannesburg and came to Cape Town in April 2023. I currently live in Sea Point.

I am driven and willing to start where I need to start so that I can be able to start working and learning the day-to-day running of the business. I am an amazingly fast learner, I think on my feet, I challenge myself to figure things out by myself before I consider asking for help.

I grew up with my parents and this has played a part in me being family orientated. I also need a job that will enable me to get the things I need to start making a life for myself in this new city. Whatever it is that I'm asking for, best believe that I am willing to work for it and earning it.

Thank you.
