What job i'm looking for? My positive points

I am looking for retail job because I have experience there and cleaning job too.

I am very good with customer service and I would like to think that I do it best. I love the flexible time in between shifts as i would like to do par time in school.

With cleaning services i love the fact that you are given your space to work on your own, that improves my capabilities and want to do more and better always.
