What job i'm looking for? My positive points

I think I should be hired because with the customer care, problem solving and management skills that I have obtain over the years I would be great asset to the company. Not forgetting that I am very loyal and I follow the company's values. I believe that I am a fast learner and I am always willing to learn and listen to others.

I am all about setting realistic goals and results driven. I work very with a team and treat people with dignity and respect - equally so. I believe that a good moral in the company is important that's why I always make sure that in everything that I do I have fun and lead by example even if no one is watching.
