Curriculum Vitae (CV)

What job i'm looking for? My positive points

I'm looking for any mining company or geological department that deals with rocks or geological structures. It does not matter if it is laboratory based work. I hold a Bachelor of Science in Geology, Chemistry and Geography. I was majoring in three modules. I have worked in labs at Rhodes University facilities and went out on the field for practical work. I am easy person to work with and I am hard working person.
