Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am writing to express my interest in the Junior Software Developer position.

With over one year of experience in the field, I am eager to continue to grow and develop my skills in a dynamic and challenging environment.

In my previous role at Touchdreams Websites, I have gained valuable experience in software development and have contributed to several projects. I have experience working with programming languages such as PHP, JAVA, and JavaScript, as well as experience working with database management systems such as MySQL and MongoDB.

I have also worked with software development methodologies such as Agile and Scrum, contributing to projects through all stages of the development lifecycle.

As a highly motivated and detail-oriented individual, I have developed strong analytical and problem-solving skills that enable me to identify and resolve issues efficiently. I am also a strong communicator and enjoy collaborating with crossfunctional teams to drive project success.

I am excited about the opportunity to join and contribute to the development of innovative software products.

Thank you for considering my application. I look forward to the opportunity to discuss my qualifications further.
