What job i'm looking for? My positive points

The information below tells a candid story of me,Bongani Mashinini. I am a 35 year old black man, with very little formal training outside high school. Everything I have learnt is self-taught, though I do not claim to be an autodidact. I'm just a keen learner with qualities no university will teach: honesty, loyalty and longevity. I can adapt quickly in challenging situations and work well within a team. I am a dedicated employee prepared to go beyond the call of duty to get the job done. I believe I will be an asset to your organization, if given a chance. I hope at the very least, this C.V gets me an interview in your establishment. I am eagerly awaiting your response
