What job i'm looking for? My positive points

I am a hard-working and driven individual who isn't afraid to face a challenge. I'm passionate about my work and I know how to get the job done. I would describe myself as an open and honest person who doesn't believe in misleading other people and tries to be fair in everything I do. I've been honing my data Capturing skills for a few years now. I'm looking for a position where I can continue to exercise those skills. Another thing that's important to me is that the position allows me to not only play with data, but also present my findings and suggestions directly to clients. I'm always very motivated by being able to see the impact of my work on other people.
