Curriculum Vitae (CV)

What job i'm looking for? My positive points

Because I'm a full time student who studies online I would really accept each and every single job that's available,that's because I have too much time in my hands as I've realised that after I have finished everything that's school related I have nothing else to do,and it breaks my heart to stay at home with all this productivity that I can offer to my future employers,I'm smart,I'm a good communicator,a hard-worker and above all I just enjoy learning or being taught new things.
