

Sanele Sanele

Curriculum Vitae (CV)

What job i'm looking for? My positive points

Thank you for the opportunity to introduce myself. My name is Sanele Nxasana, and I am a recent graduate who has excellent academic qualifications which are Computer Science and Applied Mathematics obtained at the University of KwaZulu-Natal. While I have no previous professional experience in this field, I have always been interested in this industry and am eager to learn and get my career off to a positive start.

I am looking for any kind of job at the moment even if the job is out of the study qualifications that I have I am a fast learner I will quickly add value to the company without supervising me. I also have a driver's license code 10 with PDP, Computer literature (Microsoft Teams, word, MS Excel and etc). I have been driving since 2022 October.

During my academic studies, I learned the importance of working strictly in timescales, collaborating with other people to achieve an objective, and ensuring I demonstrated excellent attention to detail in all my work. I am a quick learner who thrives in fast-paced, dynamic environments, and outside of work, I like to keep myself fit and active which results in my concentration and energy levels always being high.

If I am successful, I plan to build a long-term career with your organization and I will do all I can to quickly learn the company's policy and procedure and become a trustworthy, productive, and valuable member of your team.
