Curriculum Vitae (CV)

What job i'm looking for? My positive points

I have excelled in business and market research throughout my career. I love marketing and organising. Compliance roles have always intrigued me as I have worked closely with compliance teams. Finance has been my passion since university, I enjoy solving problems using complex formulae. Combine all my skills and interests and I am driven to excel in anything thrown at me or I am committed to. My passion for success in business far exceeds any shortcomings I have.

I've lived in Italy for 3 years, during which I have immersed myself quickly into their culture and the way businesses work in a different country, this indicates my capability of acclimating to a different environment with ease.

I find it easy to learn languages. I am fluent in Italian, English, moderately Setswana, Urdu, a bit of Arabic and a bit of French.

My loyalty, work ethic and integrity mean a lot to me so you can be sure to not be disappointed in my work.
