Curriculum Vitae (CV)

What job i'm looking for? My positive points

The job I'm looking for is being a receptionist, reason being is that I'm very humble and bubbly to people and I'm very patient therefore being a receptionist requires humbleness, being bubbly because you meet different people with different personalities and attitudes I've never worked before because I finished my matric last year, so I think I deserve this job because my mind is still fresh and I will quickly learn how to do this job as I've never worked before. It's going to be my pleasure if I get this job. Last but not the least any available job that you have to offer I'm willing to take that job no matter what.
