Curriculum Vitae (CV)

What job i'm looking for? My positive points

HR or Administration

I'm hoping to learn how to overcome different situations HR professionals regularly experience. While I have strong conflict-resolution skills, I want to be a part of helping team members resolve their issues and create a more harmonious work environment. I hope to learn how HR professionals address employee requests while also helping the company stay compliant. I also want to become more familiar with the HR software your company uses. As a student, I haven't had access to this software, so using it would be a valuable learning experience for me. I am someone who catches onto technology quickly, making me a good fit for this kind of role.
