Curriculum Vitae (CV)

What job i'm looking for? My positive points

I'm basically looking for any job I don't mind because I'm jobless, yes I'm educated but then I have no other option. My wish was to open a small business which can help the youth with jobs and with skills development where they can also get counseling because most of the youth in our environment are exposed to drugs and gangsterism. I wish I could get a job nothing much any job so I can budget for the future & help the helpless.
