Curriculum Vitae (CV)

What job i'm looking for? My positive points

I want to work as general worker because I am a fresher, and I have always wanted to be part of your organisation workforce. I believe that working in your company would give me the opportunity to refine my skills, learn from experienced professionals, and contribute to delivering exceptional experiences to customers.

I would say my greatest strength is my ability to adapt to change or a situation quickly. By being adaptable, I can work in all different types of environments and teams without losing focus on what's important. I think the key to being adaptable is to keep an open mind at all times and be someone that others at work can communicate with openly.
