Curriculum Vitae (CV)

What job i'm looking for? My positive points

I'm looking for mining jobs. I am a great team player and can live away from home for extended periods. I'm athletic and learn fast. I put all my efforts to whatever is given me to do.

I am determined to get a job in the mines and a job offer will be a great motivation. I am willing to relocate any day, if that was possible, an offer arise. I am currently employed as a security guard by Buffalo Soldiers.

I completed high school in 2010 and I got good grades. I was then enrolled at Southern Africa Nazarene University for a Primary Teachers Diploma from 2016 until 2020. I didn't have a scholarship and the institution didn't issue my certificate because I owe fees to the institution to this day.

References will be furnished upon your request.

I love South Africa and I am looking forward to join the mining trade and probably learn the indigenous languages spoken over there. I can develop to whatever the company might need to utilize me for now and in future.
