Curriculum Vitae (CV)

What job i'm looking for? My positive points

I have been working in the accounts department for twenty years. I have experience in creditors, debtors, cashbook, assets, month end adjustments and some stock and inventory control. I'm currently working as a local buyer in the supply chain department. I buy materials, consumables and services from suppliers in South Africa, Zambia and Congo.

I have worked on the following computer packages - Ms Office, Pastel, Syspro, Ms Great Plains and Delta. Since I have started working, I have proved myself to be loyal, dedicated and a good worker. I have been helpful in various situations and have not limited myself to duties of my designation only. I know that I will manage the tasks required for this position easily as I have already obtained experience on the job and knowledge of the systems, controls and culture of the department. I am a quick learner and find challenges rewarding.

I am open to change and will assist wherever necessary in the department, so that "work" flows smoothly and that the finance department provides an efficient and helpful reflection to the other departments within the business. I will not disappoint you, should I be provided with this excellent opportunity.
