

Roy Fraser

Curriculum Vitae (CV)

What job i'm looking for? My positive points

As you see from my resume, I have a mixed farming background spanning some 14 years , of which the last 3 and a half have been exclusively in an agronomy role, although my passion has always been in the more scientific aspects of Agriculture. I do, however have a very practical approach and am constantly searching for improved research and methods to increase sustainability and profitability for the farmer.

I have also spent 10 years as an Educator, which underpins my passion for education and mentoring and imparting knowledge.
