What job i'm looking for? My positive points

Jobs where I can learn and I'm willing to work but where I work now working environment is bad i understand when I screw up then I can be called allot of things but when I do the things like I should I still get yelled at so I'm looking for new work my wife's pregnant and it's almost time 2 months then the baby is born so I'm willing to travel or relocate for the time being until I can get a place for us please

I'm working as general worker and they also work on sites for mine doing reliner jobs and others also I've done relining 2 times now and want to learn more about it but I'm willing to any work more pay 4000 is fine but I can't work for that when I Don't get paid enough for to work over time till time is from 7>5 sometimes working late to 8 or 10 is fine but expect me to work hard so Lang for so little I won't be able to support my wife and kid that's on the way so like I said any work would do please
