

Jaron Augustus

Curriculum Vitae (CV)

What job i'm looking for? My positive points

I know i have the necessary skills to make a success of this position not just based on my previous experience but also I'm a hardworker and also very determined. I worked for highland paving as a driver and a general worker my duties included driving workers to the sites and since I had the bakkie it also included me keeping it neat and clean. I also had to work on sites with equipment and tools with laying the paving. I had to pack pallets of bricks, so i definitely have the strength for any physical tasking jobs.

I worked at East Star Engineering as a labourer this also consisted of physical labour and I guarantee I have the strength and initiative to complete a job.

If you grant me the opportunity I can show you what I'm capable of doing. I want to be committed to a company. I just relocated from Cape Town to Pretoria. I know I will be an asset in this position as a general worker.

I never say no to overtime. I never turn down any opportunity to learn more, if theres anything I lack, I am more than willing to learn.

I sincerely hope you do consider me for this position.

Thank you for your time.
