

Juantay Jordaan

Curriculum Vitae (CV)

What job i'm looking for? My positive points

I'd love a job where I can be a rigger's apprentice and learn from them and peruse courses to becoming one myself.

I won't mind a job as an engineering assistant on the mine for I've worked under boilermakers, fitters, welders and riggers before and really enjoyed the work and learning new skills everyday.

I've also worked as a construction worker under supervision building structures such as mill plants and tankers before and am not afraid of hard labor.

Preferred work location Northern Cape

Contacts and general information about me

Day of birth 1998-08-17 (25 years old)
