## What job i'm looking for? My positive points

I am a young man aged 27 from a rural area called Venda, I grow up there and finish my high school education there, I went to TVET collage to feather my education but unfortunately I didn't finish the course because of finance, I go for job hunting and find myself working at Pepstore in 2018 and in 2022 i relocate to East Rand where i find another job in a constraction company where i'm still pushing.

I am seeking a challenging and fast-paced role where i can leverage my skills and experience to make a significant impact. Excited to contribute to an organization that values continuous learning and growth. I am a hard worker and willing to work hard and under pressure even extra hours if necessary. I can do work and deliver exceptional results. Please find my curriculum vitae and certified copies attached. I am looking forward to hear from you.
