

# Chandre Hatton

Curriculum Vitae (CV)

## What job i'm looking for? My positive points

Hi! My name is Chandre and I have been a graphic designer for the past 4.5 years! I absolutely love the world of design and want to use that skill to continue making a difference in people's lives.

My skills include:

- Thorough and strong eye for attention to details
- Passion for creating custom illustrations
- Proficient in Adobe Creative Suite
- Proficient in HubSpot
- Microsoft Proficient
- Layout design
- Website design
- Branding

I have always had a huge passion for graphic design and ensure to take pride in each project I work on. I work well under pressure, allowing me to stick to tight deadlines, which often happens in the design world. I take criticism well as I see it as an opportunity to grow and see a project through the perspective of someone else's eyes. I think the ability to collaborate is important as it allows for different thinking ideas and perspectives to be combined to create something that is not only beautiful but also makes a difference.

I hope to continue in growing my design skills and improving with each project that I work on.
