Curriculum Vitae (CV)

## What job i'm looking for? My positive points

Looking for general jobs in manufacturing industries and within some related fields. I am a very confident, hard-working and dedicated individual who is ambitious. I am also a great team player and I just want to see myself one day working in the aviation industry as an air traffic controller or an airline pilot. I bring a lot of skills and understanding in jobs and above all, I am willing to learn evrytime.
