Curriculum Vitae (CV)

What job i'm looking for? My positive points

I'm looking for an Administrative position or a general position that can improve my life.

I have a matric certificate and was informally employed in a family business which was a retail shop where I was a shop assistant for over 8 years and partly in these 8 years wild be allowed to run management of the store in the absence of my employer which helped me gain experience in that workfield.

Generally I would access the computer for punching in stocks and the benefits were a typing knowledge and general computer use. I currently am doing music as my other skill. I produce music and write songs operating in my small home studio.
