Curriculum Vitae (CV)

What job i'm looking for? My positive points

Looking for any job(General jobs) really i don't have preference as long as is a job that Will last longer and will enable me to take care of myself.

My positive point on the kind of job that am looking for which is general job is there is greater chances of getting one since you don't have preference,and that somehow is advantageous because you will be exposed to certain fields of workplaces whereby you will learn new skills and things and again gain experience.
