What job i'm looking for? My positive points

I am a graduate in IT Networking and Certificate in Business Administration. I am looking for a job that is going to help me grow in my career. I have not a lot to say about experience since I don't have a lot, but I have a 1 year experience in Reception/Administration.

I have knowledge and skills in computer, customer service, administration, switchboard and other administrative work. I work well in a team and unsupervised. I am looking forward to discussing this in more details. Feel free to call me anytime.
